With expertise in the introduction of e-discovery to corporate environments, Rob is Ledjit's Senior eDiscovery Consultant.

Rob's primary focus is on the areas of policy, process and protocol to ensure that organizations are effectively managing the risk associated with both litigation and information management. Prior to joining Ledjit, Rob worked with a leading E-Discovery software vendor where he led the implementation team as well as delivering solutions for a range of Fortune 50 clients across all industry verticals in North America and Europe. Rob is an active presenter at eDiscovery conferences across North America. Previously, he was Senior Project Manager, Legal at TD Bank Financial Group. Rob's background includes 15 years as an Officer in the Canadian Army where he commanded soldiers in both Canada and NATO Europe.
